Dr. Peggy Lenz Dies Following Heart Attack

Dr. Margaret (Peggy) Lenz, 57, a member of the School of Education faculty for 18½ years, died Jan. 30, 10 days after suffering a heart attack at her home in Irvine.

Funeral services were Tuesday morning in the First Presbyterian Church of San Bernardino, with burial in Pacific View Memorial Park in Newport Beach.

Throughout her professional career, Dr. Lenz was involved in education at all levels. She had taught first and second grade in Cucamonga, had been a demonstration teacher for the San Bernardino City Schools and the University of Redlands, had taught at three universities (Redlands, UC Riverside and Cal State, San Bernardino) and for 10 years prior to coming to this campus was curriculum consultant for the Rialto School District.

She was proud of her work in co-authoring a social studies series for grades K-6, "Our Family of Man," which was published by Harper Row. She also served as a consultant for the Bureau of Land Management and wrote two conservation education units, "Sand in Your Shoes" and "Predator and Prey," in addition to other articles and chapters for the National Education Association.

Although she was born in Akron, Ohio, most of her life was spent in California. She earned her B.A. in history and her M.A. in education from UCLA and her Ph.D. in education from the Claremont Graduate School.

She guided the San Bernardino YWCA through many of its difficult years, serving as president from 1974 to 1978. She had served on the national YWCA board since 1979. She had been a member of the Zonta Club of San Bernardino and a ruling elder in the Bethany Presbyterian Church of Rialto.

Dr. Lenz is survived by two daughters, Valerie Lenz and Ingrid Mack, both Cal State graduates; a son, Eric, a former student here; and a granddaughter, Summer Elise Mack, 4 years.

In lieu of flowers, the family requests memorials to the Dr. Margaret Lenz Scholarship Fund at the university. Contributions may be sent to the Executive Dean's Office on campus.

The university community joins in extending deepest sympathy to Dr. Lenz's family.

Administrative Fellow Applications Sought

Applications to participate in the CSU Administrative Fellows program during 1987-88 should be filed with the Office of Academic Personnel by March 13, reminds Associate Vice President J. C. Robinson.

The program is intended to provide opportunities for upward mobility, particularly for women and persons from ethnic minority backgrounds. Participation is open to academic and administrative personnel who have tenured/permanent or probationary positions. Fellows normally are assigned to a campus other than their own to work under mentors who hold positions at the dean's level or above.

Application forms and complete information on the selection process are available from Academic Personnel, AD 109.

New IRS W-4 Forms Explained Feb. 11-12

The Internal Revenue Service's re-designed W-4 exemption form, which has been the subject of much discussion and greater confusion, will be explained for the campus community by two IRS representatives on Feb. 11 and 12.

The presentations, about one hour long, will begin at 4:30 p.m., Wednesday, Feb. 11 and at 5 p.m., Thursday, Feb. 12, said Personnel Officer Dale West. Both will be in the SUMP.

The new W-4 forms, which must be filed by Oct. 1, were distributed to all employees earlier this week. The IRS recommends an early filing of the revised forms, West said.

About 300 Face New Medicare Taxes

Approximately 300 hourly and part-time employees are facing repayment of Medicare taxes not deducted from April to last October. The new tax was imposed on all public employees not subject to social security taxes (OASDI) under legislation

signed by President Reagan last spring. However, the state controller was unable to implement the new payroll deduction until November, Accounting Officer Don Saponetti explained.

Some of the affected employees became aware of the new deduction with the implementation of the state's new paychecks last month. The Medicare tax of 1.45 percent must be paid on wages up to \$42,000 annually. According to the Payroll Office, approximately 300 hourly or part-time employees are affected on campus.

Because the state controller was unable to deduct the new tax for six months, the affected employees will be required to pay the back taxes. The controller will notify the campus, which has the responsibility to contact the individual. The state expects to develop plans for allowing employees to make the repayment over a period of time, Saponetti said.

The new tax will provide hospital insurance coverage, at age 65, for persons not covered by social security.

Art Students In Three Shows

Cal State painting students are represented in three exhibits in the area, according to John Nava (Art). Diane Raley is in a juried state-wide show, the Julia Morgan Memorial Exhibition, in the Riverside County Art Museum. The exhibit, up through Feb. 26, was open to women

artists and 300 entries were received from throughout the state.

Student painters are featured in a show which opened Feb. 3 in the San Bernardino County Museum. A reception for the artists will be held from 4 to 8 p.m., Sunday, Feb. 8. Titled "Previews: Recent Painting from Cal State, San Bernardino," the exhibit consists of work produced during the last 18 months. The show will be up through March 29.

Roberta Thole and William Moore had paintings accepted for the Fine Arts Institute's 21 Annual Open, held this fall at the San Bernardino County Museum. That show was juried by the associate curator of 20th century art at the Los Angeles County Museum of Art.

The California State University, San Bernardino BULLETIN is published by the Publications Office on alternate Fridays. Items for publication should be submitted in writing by Tuesday noon to AD 117.

**Winter Enrollment
Stands at 7271**

The winter quarter student body officially numbers 7271 persons, an increase of 14.3 percent over the same term a year earlier, Registrar Jo Ann Von Wald reports. The census date figures show the traditional drop from fall quarter to be only 2.32 percent, the lowest drop in students in the last six years.

The FTE (full-time equivalent) figure for winter quarter 1987 is 5371.7 students, a drop of 3.12 percent from fall quarter but still 12.62 percent higher than winter 1986. The FTE figure is the basis for the university's budget calculations.

**University to Host
Cajon High Faculty**

As part of the university's adopt-a-school relationship with Cajon High School, a reception for the faculty of both institutions will be held from 3 to 5:30 p.m., Monday, Feb. 9 in the Sycamore Room of the Commons.

Dr. Adria Klein (Education), chair of the liaison committee, said all university faculty, librarians and administrators are encouraged to attend. Most of the Cajon High faculty of 70 is expected.

"We are looking forward to expanding our long-term relationship with Cajon High," said Dr. Klein, noting the program was adopted in February 1985.

Information about the reception or the adopt-a-school program is available from members of the liaison committee: Dr. Klein (School of Education); Dr. Jim Charkins (Social and Behavioral Sciences), Ronald Hennigar (Business and Public Administration), Dr. Elinor Partridge (Humanities), John Tibbals (Library) and Dr. James Crum (Natural Sciences).

**Open Forums Set
For GE Requirements**

Four open forums to discuss a draft of proposed revisions in the general education program will be held this month by the Ad Hoc Task Force to Review and Revise the General Education Program.

All members of the university community are invited to attend or to submit comments to the committee, which must submit its final proposal on March 19, said Dr. Elliott Barkan (History), chair of the task force.

The forums will be:

Tuesday, Feb. 17, 10-11 a.m., SUMP;
Wednesday, Feb. 18, 2-3 p.m., SUMP;

Monday, Feb. 23, 9-10 a.m., SU Senate A-B;
Thursday, Feb. 26, 2-3 p.m., SU Senate A-B.

The review of the present general education program stems from the university's plan to convert from five-unit courses (the 5 for 4 plan) to four-unit courses.
